

Steering Committee Meeting Minutes. – March 27, 2025

Mike reported on the current financial status, noting that the bimonthly report will not be out until the end of April. The discussion surrounded the request for monies to be released to the SNDC as there is need and available funds at this time. Mike will contact Barbara Holtz-Cabrera with the details so that she can set up her committee's meeting. Mike also noted that at the beginning of 2025 there has been an uptick in donations to the specific funds that PAX regularly supports.

Nellie had asked the SC to be able to send out a reminder of the Nova-PAX Mass on March 30th. She reiterated the zoom link would be available and open for the entire Mass and program afterwards. Topics to be discussed included:

Opportunities to have future joint liturgies while maintaining each community's autonomy; PAX's use of Outreach Presiders (briefing sent by Mary Linda) and Nova's template for no priest Sundays.

Good Friday communion service will be held at Kenmore Middle School with Nova at 8pm.

The SC also discussed the proposal of having a joint Mass at St. Luke's on August 24th with a picnic to follow afterwards on the pavilion there. This may be a good time to offer PAX members a chance for a Homecoming Weekend as well, and once details of the Mass are firm, that will be presented to the community.

Easter Sunday will be held in the St. Luke's chapel at 9am. This will require set up and take down of the chairs which will be used for the St. Luke's reception after their service. At this time there is no formal plan for an after-Mass reception by PAX.

Presiders for PAX in June is still of concern. Marie Dennis has agreed to preside on June 8th.

The next SC meeting is scheduled for April 17th at 3pm.
